Brenntag Canada Inc.

Introduction

This booklet has been developed to provide our valued customers with a guide to the many products currently available from Brenntag Canada. To assist you in accessing information quickly, we have listed the information as follows:

- the first part of the booklet contains an alphabetical listing of our products, and
- the second half provides a convenient listing by industry.

We are continually adding new items to our product offering to meet the demands and requirements of our customers. If there is a specific product you require which is not listed in this booklet, please contact your Brenntag Account Manager or call one of the Sales Offices listed below to inquire as to its availability.

La present brochure a été faite pour offrir à nos importants clients un guide des nombreux produits actuellement disponibles chez Brenntag Canada. Afin de vous aider à obtenir rapidement les renseignements voulus, la brochure est divisée en deux parties.

- La première partie de la brochure contient une liste alphabétique de nos produits.
- La deuxième partie offre une liste par industrie.

Nous ajoutons continuellement de nouveaux articles à notre liste de produits afin de répondre aux demandes et aux exigences de nos clients. Si vous avez besoin d'un produit en particulier qui n'apparaît pas sur la pré-liste, veuillez communiquer avec votre directeur de comptes chez Brenntag ou appeler à un de nos bureaux ci-dessous pour en connaître la disponibilité.

Brenntag Canada Inc.

Brenntag Canada is a wholly owned subsidiary of Brenntag Holding GmbH & Co. KG, a world market leader in chemical distribution and logistics. Brenntag supplies industrial and specialty chemicals as well as a variety of services to manufacturers and processors. Brenntag is present in all major industrial regions of North and South America and Europe and functions as an essential link between chemical manufacturers and end users, supplying those market segments that producers cannot service cost effectively due to order size and geographical location. Value-added services include blending and formulating of chemical products, just-in-time deliveries, analytical and technical services, application technology, packaging and logistical initiatives. A closely knit network of distribution centers around the globe ensures that Brenntag's customers receive their orders quickly and reliably.

The Brenntag Holding GmbH & Co. KG group employs over 10,000 people world-wide and carries out activities in 300 locations around the globe.

Brenntag Canada est une filiale à part entière de Brenntag Holding GmbH & Co. KG, un leader mondial dans la distribution des produits chimiques et la logistique. Brenntag fournit aux fabricants et aux préparateurs des produits chimiques industriels et spécialisés, de même qu'une variété de services. Brenntag est présente dans toutes les principales régions industrielles de l'Amérique du Nord et du Sud, ainsi qu'en Europe. Elle agit comme lien essentiel entre les fabricants de produits chimiques et les utilisateurs finaux dans les segments de marché que les fabricants ne peuvent desservir de manière rentable à cause de la taille de la commande et de la situation géographique. Les services à valeur ajoutée comprennent le mélange et la formulation de produits chimiques, la livraison juste-à-temps, des services analytiques et techniques, les technologies d'application, l'emballage et la logistique. Un réseau de centres de distribution tissé serré partout dans le monde assure aux clients de Brenntag de recevoir leurs commandes rapidement et de manière fiable.

Le groupe Brenntag Holding GmbH & Co. KG emploie plus de 10 000 personnes dans le monde et a des activités dans plus de 300 installations.
